

Advertising, design, marketing,  
all kinds of communication...

I love the stuff.

I've been doing it for years  
and couldn't be happier.

I can do the work, and I care  
enough to do it right.

I did the concept, copy, art and  
production of everything you

see here. If you're interested,  
I'd enjoy showing you more,

(please visit [www.rappdesign.com](http://www.rappdesign.com))

and talking about what  
we can do together.

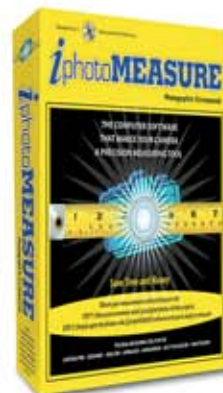

Thanks,
